23 Calle Principal STE 560, Palmer, PR 00721

Overview

Pink Pig Exterior Cleaning Services is a local, women-owned, small-business dedicated to providing superior exterior cleaning solutions to government and corporate properties. NOT a typical "pressure washing" service. As evidenced by our work at other well-renowned communities, we go beyond what an on-staff maintenance crew is able to do, with results that last LONGER!

Core Competencies

- **State-of-the-Art Equipment:** Our specialized, custom-built equipment delivers unparalleled cleaning power for thorough and efficient results on every job.
- **Proprietary Solutions and Process:** Utilizing a meticulous 4-step cleaning process and proprietary solutions, we ensure longer-lasting cleanliness and beauty.
- **Comprehensive Service Offerings:** Our services include pressure washing, but we go beyond to suit the needs of every client. **CHECK OUT OUR NAICS CODE LIST!**
- **Highly Trained Team:** Our experts are extensively trained to prioritize the protection of surrounding vegetation, valuable government properties and monuments.

Key Differentiators

Our KEY ELEMENT of separation is that we have the right tools and solutions to SAFELY, CAREFULLY and THOROUGHLY clean. Too much pressure will damage property and the wrong cleaning solutions will kill vegetation and destroy property.

- Cutting-edge equipment and proprietary solutions
- Efficient cleaning process **minimizes business disruption**
- Targeting organic growth at its root ensures ensuring cleanliness and protection for government properties.
- **Removing build-up on TPO Roofs & Solar Panels will make systems energy-efficient!**

Mission

We don't just clean. **We clean so your property is safer, more energy-efficient, and beautiful too.** The proprietary cleaning solutions we use will guarantee a longer-lasting clean than anyone else. Remember...we DO NOT surface clean your properties, we kill organic growth down to the root. With Pink Pig, you get a longer lasting clean and a longer lifespan out of your properties. Not to mention, you will be more fiscally responsible by decreasing your agency's energy costs!

Because it isn't *really clean...* until it's **PINK PIG CLEAN!**
